Improving your grade is possible, try one of these strategies:

1. Do ALL of the Homework, Problem Sets, and Class Assignments.
 2. Get involved and ask questions during class discussions.
 3. Get extra help after school – see the classroom board for dates.
 4. Turn in “late” work – in my class it's better late than never.
 5. Retake a quiz or the parts of a test that need the most improvement.

HERE ARE MY “TIPS FOR IMPROVING YOUR GRADE”

Tips for being successful in my Spanish Classroom:

- Participate in class as much as possible. The more you practice and use Spanish, the easier it will be to learn and remember.
- If you are missing assignments, finish them and turn them in. Late is better than never. If you think you turned it in, check the no name board.
- Keep all of your note and review sheets organized. I write my own quizzes and tests and design these sheets to help you prepare for them.
- I have created [studystacks](#) and other review and practice to help you be successful. Take advantage of all of my hard work. These resources can be found on [my website](#) (tinyurl.com/missdaig)
- Visit my [study tips website](http://studywithmissdaig.weebly.com/) (<http://studywithmissdaig.weebly.com/>) for information about ways to learn your vocabulary and grammar
- Get help as soon as you notice a problem. Like math, in Spanish, we continuously build our new skills on top of our previous skills. If you wait to get help, you will have a much harder time catching back up.
 - For quick questions, email me (daigl@brightonk12.com). Or, if you are on facebook, write on the wall on the Miss Daig page, especially if it is something a classmate might be able to answer before I have an opportunity to respond.
 - Come in and meet with me. I am available every day before school, during lunches (by appointment) and after 4pm Mondays – Wednesdays or right after school on Fridays.
